the purity of his blood, with other interesting facts relating to his career.—
SALD (also spelled Sayed), as given by the groom of Nubar Pasha, Minister to France from Egypt, was fonded on the 21th of March, 1853, at the stables of Nubar Pasha. His sire was the famous Khersean, the property of Adul Medjid. Said's dam was Oblin, the property of Nubar Pasha, and is the descendant of the caisbraied Janistace, which leaped the ultadel wails with the last Mameluke Bey when fleeing from Mahomed All in 1819. Therefore, Said is a cross between the Nedjid breed on the mother's side and the Anasseh treed on the side of Khorassan.

This grand Arab sistillon exhibited wonderful powers of substance and speed in the Abyasinian war, being ridden constantly by an officer during that campaign.
